4	BD WASH (Bangladesh Rural Water Sanitation and Hygiene for Human Capital Development Project)	Shulov Tk 18500 Bilash Tk 22000 Shovon Tk 29000 Shoukin Tk 50000 Water loan 15000-60000	21 branch covered 15 Upazila under 6 district.	GoB, AIB (Asian Infrastructure and Investment Bank), World Bank

Short Description of BD WASH

The Government of Bangladesh (GoB) intends to implement the **Bangladesh Rural Water, Sanitation and Hygiene for Human Capital Development Project** with financial support from the World Bank (WB) and the Asian Infrastructure Investment Bank (AIIB) to reform institutions and improve WASH services that meet the 'safely-managed' services in line with SDGs 6. The Project Development Objectives are to- improve access and quality of water supply, sanitation, and hygiene (WASH) services in selected areas of rural Bangladesh.

DFED as a partner organization of PKSf has implemented OBA Sanitation, SDL, HYSAWA project previously. Now BD WASH project worked widely In this project duration DFED provided Latrine support almost 5560 family in their working area.

Short briefing for the BD WASH project activities

- Safely Managed Water (নিরাপদ ব্যবস্থাপনায় পানি)
- Safely Managed Sanitation (নিরাপদ ব্যবস্থাপনায় স্যানিটেশন)
- Hand Washing (হাত ধোয়া)
- Menstrual Hygiene Management (মাসিক/মাসিকালীন স্বাস্থ্যবিধি ব্যবস্থাপনা)
- Improve Baby WASH Behaviours (শিশুদের জন্য উন্নত ওয়াশ আচরণ)

Improve Behavioural change to the stakeholder regarding the said issues.

Activity of the BD WASH project under DFED last 6 months

SI	Activities	Target	Achievement	Not Achievement	%	Causes for not Achievement
1	House Hold Water Loan	160	145	15	91	- Staff didn't received training - Local entrepreneurs not receive training
2	House Hold Sanitation Loan	910	860	50	95	
	Total	1070	1005	65	94	

Sanitation microfinance model

Safeguarding Issues for the Project

As a organization DFED maintain safeguarding issues at work offices. The issues are-

- Sexual Harassment
- Gender Discrimination
- Money misappropriation
- Verbal abuse
- Mental abuse
- Child Abuse

Last six month there is no violation occurred against safeguarding issues in the project area.

Challenges and overcoming strategy for project implementation

Challenges	Overcoming strategy
নির্ধারিত মডেলে টয়লেট স্থাপন করা, যেমন-পানির ব্যবস্থা করা, নির্দিষ্ট মাপের চেয়ে ছোট/বড় করা	কর্তৃপক্ষের নির্দেশনা মোতাবেক এখন নির্দিষ্ট মাপের চেয়ে বড় করার সুযোগ দেয়া হয়
টয়লেট রক্ষাবেক্ষন সঠিকভাবে করা	টয়লেট শেষে পানি ব্যবহারের বিষয়ে সচেতনতামূলক ওরিয়েন্টেশন দেয়া হয়
টয়লেট, ঘর থেকে দূরে হওয়ায় সর্বক্ষেত্রে ব্যবহার নিশ্চিত করা	বর্তমানে টয়লেট ঘরের সাথে সংযুক্ত করে তৈরি করা হচ্ছে
টয়লেটের সাথে গোসলখানা সংযুক্ত করা	টয়লেটের সাথে গোসলখানা রাখার সুযোগ আছে
রান্নাঘর ও টয়লেটের কাজে ব্যবহারের জন্য পানির ঘাটতি মেটানো	পানির ব্যবস্থা করার জন্য ওয়াটার লোন দেয়া হয়
প্রশিক্ষণবিহীন কর্মী দ্বারা কার্যক্রম চালানো	দাতাসংস্থা থেকে পর্যায়ক্রমে প্রশিক্ষণ গ্রহণ করানো হচ্ছে।

Overcoming strategy

Conduct Behavioural Change Communication (BCC) Campaign

Demand Creation Activity

5 Issues for BCC Campaign

- Safely Managed Water
- Safely Managed Sanitation
- Hand Washing
- Menstrual Hygiene
- Baby WASH

SWOT Analysis for the BD WASH Project

S

- Skill staff
- Strong Policy
- Door to door service
- Sanitation village 100%
- Promotion of efficient use of water, latrine management
- Water supply model established
- Provide fund support
- Group formation
- Strong monitoring system

O

- Local Entrepreneur installed the said place
- Encouraging water harvesting to the people
- Create job opportunity to local entrepreneur
- Sanitation facility provide at School level

W

- Absence of Proper sanitation use
- Lack of community participation
- Lack of public support
- Skill Gap to the Local Entrepreneur

T

- Poor sanitary condition and unsafe hygiene practice
- Misperception of the effectiveness of water only handwashing
- Climate affected
- Prescribe model installed

Future support for stakeholder

After completing the project duration she or he can get benefit from the DFED mainstream activities. She/he can get financial support from the DFED as a regular client.

Good practices in the project management

- Zero tolerance against violation (sexual, money misappropriation)
- Respect official regulation
- Free Staff accommodation
- Subjective orientation provide to the respective stakeholder
- Get Policy Orientation after recruitment to the staff
- Community people maintain proper hygiene education
- Priority first to the client demand
- Service first
- Ensuring drinking water for customer in the workplace

Future Plan

- The organization implement more project based on the availability of fund.
- DFED playing role to achieve 100% Hygiene and sanitation in the working area
- To improve access to safely managed water supply and sanitation in selected working area

Thank you
